QUALITY CONCRETE SOLUTIONS SINCE 1975

A pair of large, bold, yellow quotation marks centered on the page.

**“There’s very little we don’t do.  
Contact our passionate team with your  
unique problem and we’ll find a solution.”**

## COMPANY PROMISE

Lascocrete was established in 1975 as a wholly owned family business, a tradition we are most proud of. In all the years of our existence we have always found solutions during challenging times, enabling us to capture the slogan “Impossible is Nothing” as our philosophy.

### OUR MISSION

Our customers are our priority and we serve them through excellent business ethics, values, and principles. Our service quality is unsurpassed and sustainable. It is our endeavour to invest in our employees in the form of training and development as we believe in the future through people.

Our promise of hands-on, personal service and accountability have laid the foundation for multiple successful partnerships, which we’ve built and maintained since 1975.

We have built our business on the foundation of customer respect and unsurpassed levels of service delivery, business

morals and ethics, employee development and social investment.

We work and live by integrity and hold ourselves accountable to always deliver results and strive for excellence by maintaining total focus on our customers; listening to their needs, delivering value through our products and offering solutions to our customers.

It is our commitment to each customer to ensure a trouble-free experience from the time they’re placing an order to the prompt delivery of a defect-free product. A human approach, attention to detail and service is paramount to us.

### OUR PASSION

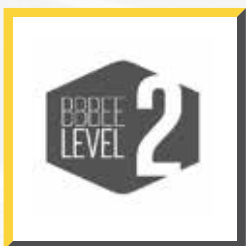

Our products are designed to look the best, function the best, at the best price, and can be made to order depending on your individual needs.

We also manufacture all our own products, which means we have stringent quality control measures and won’t leave you with any post-project surprises.

Whether you want to do it yourself, or would like us to install it for you with our **17+ installation teams**, we guarantee a durable, quality, cost-effective product that looks better than the rest and requires little or no maintenance.

Pebble Vibracrete Wall with Ornamental

Strong, quality additions to a Vibracrete wall act as a maximum barrier to entry. By fitting spikes for enhanced security, you'll have a wall that outperforms the rest and puts you at ease. Our Safety Strength wall also comes as a home kit, made up of a slab that is fitted with galvanised spikes, raising poles, which has spikes on top of the poles, and two lengths of galvanised channelling.
